

Ambre

The Junior Durance

Exclusive to
Ambre-Stone

The Durance Junior is a highly adjustable care chair for children or small adult, benefitting from a variety of built-in features providing a flexible seating solution for most users. The Durance Junior has been manufactured to the Crib 5 Fire Certification, which can be used in both Domestic and Non-Domestic Environments (i.e. Care Homes), making it perfect for multi-user situations and equipment loan stores. Due to its range of built in adjustable features The Durance Junior can accommodate most users' needs with it's simple to use seat width and depth adjustment and height adjustable arms, plus much more. This makes it a very attractive seating system providing excellent support, pressure relief and postural management.
